PROFILE

Passionate frontend developer skilled in React, Next.js, and TypeScript. Focused on creating responsive, accessible, and high-performance web applications. Always eager to learn and contribute to innovative projects.

RECENT PROJECTS

The Retreat Cottage - Full-Stack Booking Platform

- Developed a comprehensive booking system with real-time availability tracking and user section
- Implemented user authentication and interactive calendar features
- Built with Next.js, Supabase, Tailwind CSS, and NextAuth.js for seamless user experience
- Features include booking management, instant confirmations, and responsive design

The Retreat Operations Manager - Staff Management Dashboard

- Created a React SPA for streamlining retreat operations and staff administrative tasks
- Implemented efficient data management with React Query and state management with Context API
- Integrated Supabase for backend services including database and authentication
- Features include booking management, room allocation, and staff task coordination

HACKATHONS

Smart India Hackathon 2019 - Quarter-finalist

- Worked on developing IoT-based agricultural monitoring system with image processing capabilities

EDUCATION

2018 - 2022

CHITKARA UNIVERSITY

- Bachelors of Engineering in Computer Science (9.58 CGPA)

2023 - 2025

PANJAB UNIVERSITY

- Master of Technology in Computer Science

SKILLS

Frontend Technologies

- React, Next.js, TypeScript, JavaScript, HTML5, CSS3, Tailwind CSS

Backend & APIs
